20"x30"	£16.95	£14.50					
24"x36"	£20.95	£17.95					

Please send JPEG or Tiff format only. RGB colourspace only (no CMYK).

If you are sending a CD or Zip please save your images in folders with the names of the folders corresponding to the size of print you require. If you require more than one of a particular image then change the file name of the image to indicate this. Alternatively please provide clear and unambiguous written instructions and post along with your order.

Lustre  Glossy

If neither of these is selected we will provide glossy paper.

Fit paper  Fill paper

If you choose the "fit paper" option the whole image will be printed but you may get white edges on the prints.

If you choose the "fill paper" option the image is printed to fill the paper but this may result in a small amount of cropping.

If you select neither of these options we will choose the most suitable option (in our opinion) for the images sent.
